TO WHOM IT MAY CONCERN

I hereby confirm that Ikemeleng Architects are appointed as architects for the Inner City Commuter Links project, phases 5, 6 and 7. The project is located in the Park Station Precinct of Johannesburg's Inner City. Sibusiso Mauze is the nominated Project Architect for this project.

The major portion of the scope of works comprises the refurbishment and upgrade of the Jack Mincer Taxi Facility, including demolition of an existing intermediate basement level and linear ramps as well as upgrades to other existing levels. Based upon the December 2014 budget estimate, the construction value of this component of the project is ±R116 787 543 including VAT.

Ikemeleng Architects has undertaken numerous projects for the Johannesburg Development Agency over a period spanning more than ten years. We can confirm that the standard of service provided by Ikemeleng has always been exemplary. I have no hesitation in recommending them for other refurbishment projects, particularly those involving construction within busy site environments.

Please feel free to contact the undersigned should you have any queries.

Yours sincerely
JOHANNESBURG DEVELOPMENT AGENCY

Joy Jacobs PMP
