**TO WHOM IT MAY CONCERN**

My name is Warren Conrad and I am a registered Professional Project Manager.

I hereby confirm that, during my time at Proman Project Management, I fulfilled the role of Programme Manager for the Tshwane Inner City Project (also called the Re Kgabisa Tshwane Programme) on behalf of National Department of Public Works during the period from 2004 to 2007. The project involved the preparation of a comprehensive strategy for the long-term accommodation of National Government Departments within Tshwane's Inner City including the development of specific accommodation solutions to align with both the strategy and ethos underpinning improved government service delivery.

Ikemeleng Architects, represented by Sibusiso Mauze, Jonathan Manning and Ridwaan Bhana, were appointed as one of several Architectural practices on the project focusing on accommodation solutions. Due to their strong performance on early assignments, Ikemeleng were eventually allocated an enlarged scope of works, including needs assessment and concept design work on accommodation options for multiple Government Departments, including Department of Housing, Department of Home Affairs and the Land Bank.

The work undertaken by Ikemeleng Architects on accommodation options for the Department of Housing included work on the proposed refurbishment of two multi-storey commercial office buildings, Harvest House and Provisus, with a total value of R136 663 606 (2005 value excluding VAT).

The quality of the service and output delivered by Ikemeleng Architects on the Tshwane Inner City Project was highly satisfactory and I would not hesitate recommend the appointment of the company for similar projects.

Yours sincerely

Warren Conrad
